

## Notes for Altar Servers March 2010

This schedule is a disaster area! Many families took off Easter week. Several gave just one weekend per month for serving; two servers resigned; four servers did not submit attendance information so were not scheduled. I couldn't even cover completely the extra servers needed for masses with the Bishop.

I had to give many of you masses of your second choice, and also, in some cases, I gave more masses than you probably wanted. I'm sorry. I hope you can handle everything. Like I said: A disaster!

The adult servers do not appear on your list of names of servers. So for your information I give them to you now: Bill Ruhl, Liz Tregaskis, and Barbara Taylor. Yes, I had to put myself back in for two Masses on Easter Sunday because of the above conditions. Adult servers work alone, so do not volunteer if you see their names on the schedule.

Somebody is not hanging up garments after Mass. It is very disheartening to see them on the floor. God watches over us in everything we do so let's not disappoint Him in this little disobedience.

There is also a copy of instructions for your duties under glass on the credence table. Please review them if needed.

Cross your name off the schedule in the Sacristy. If you cannot meet an assignment, please, please get a substitute!

Any questions? Call me any evening 545-6291.

Shalom!  
Barb Taylor
